Career Objective

Detail-oriented engineering graduate with strong foundations in Python, machine learning, and data analysis. Passionate about building practical solutions using data, improving models, and contributing effectively while continuously learning and growing in a professional environment.

Education

B.Tech in Artificial Intelligence & Machine Learning	2022 – 2025
NRI Institute of Technology, Andhra Pradesh	CGPA: 8.0
Diploma in Computer Engineering	2019 – 2022
Sir C.R. Reddy Polytechnic College	CGPA: 7.6

Technical Skills

- **Programming:** Python, Java, SQL
- **Machine Learning:** Scikit-learn, TensorFlow, Model Training, Data Preprocessing
- **Data Analysis:** Pandas, NumPy, Data Visualization
- **Computer Vision:** OpenCV, Image Processing
- **Web Basics:** HTML, CSS, JavaScript, React
- **Tools:** Git, VS Code, Jupyter Notebook, Power BI

Projects

Medicine Overdose Prediction Model — Python, TensorFlow

- Built a machine learning model to predict overdose risk using healthcare data.
- Performed data preprocessing, feature engineering, and model training.
- Evaluated performance using accuracy metrics and visualization techniques.

Automatic Number Plate Recognition — Python, OpenCV

- Developed computer vision system to detect vehicle number plates.
- Applied image preprocessing and contour detection using OpenCV.
- Extracted text using OCR and improved accuracy through filtering.

HR Analytics Dashboard — Power BI

- Designed interactive dashboard to analyze employee attrition and KPIs.
- Created data model and visual reports using Power BI.
- Generated insights to support data-driven HR decisions.

Pastebin Lite Web Application — Next.js, JavaScript

- Built web application to create and share text snippets using unique links.
- Implemented backend storage and retrieval functionality.
- Designed responsive UI and deployed using serverless architecture.

Certifications

- Python (Basic) – HackerRank
- Tata GenAI Powered Data Analytics Certificate
- Java Programming –
- Deloit Data Analysis certification (on going)

Achievements

- Finalist – Smart India Hackathon 2023
- First Prize – Idea Exhibition (SUNRISE 2K24)
- First Prize – Short Film “Hacked-Life”

Strengths

Analytical Thinking — Problem Solving — Quick Learner — Team Collaboration
