Palnadu, AP | [hapsaparveen77@gmail.com](mailto:hapsaparveen77@gmail.com) | 7386984131 | <https://www.linkedin.com/in/shaik-hapsa-parveen-90493231b>

## SUMMARY

---

Motivated and detail-oriented and analytical graduate seeking an entry-level position in fraud investigation where I can utilize my knowledge of data analysis, financial transactions monitoring, and problem-solving skills to detect and prevent fraudulent activities. Committed to maintaining integrity, accuracy, and confidentiality while contributing organizational risk management and compliance.

## TECHNICAL SKILLS

---

- **Programming Languages:** Java, SQL, HTML, CSS, JavaScript.
- **Technologies/Frameworks:** web Development.
- **Tools/Others:** Eclipse, GitHub.
- **Technical Skills:** MS Excel

## MAJOR PROJECT / INTERNSHIP PROJECT

---

**Project Title:** Database Management Using SQL

**Duration:** June 2022 – September 2022

**Organization:** SS Technologies

**Technologies:** SQL, MySQL, Data Modeling, ER Diagrams, Normalization

**Role:** Intern – Database Developer

Worked on designing and managing relational databases to ensure efficient data organization, storage, and retrieval. Focused on creating optimized database structures, writing complex SQL queries, and performing normalization to eliminate data redundancy. Gained hands-on experience in designing Entity-Relationship (ER) diagrams, defining table relationships, and implementing integrity constraints to maintain data consistency.

**Key Contributions:**

- Designed and implemented database schemas for sample business scenarios.
- Developed SQL queries for CRUD operations (Create, Read, Update, Delete).
- Applied normalization techniques to optimize database performance and reduce redundancy.
- Created stored procedures, views, and joins to simplify data access and reporting.
- Ensured database security and data integrity through proper constraints and indexing.
- Performed **data backup and recovery operations** to ensure data reliability and security.
- Conducted **query optimization** to improve execution time and system performance.

## EDUCATION

---

**B. Tech** in Computer Science and Engineering from Universal College of Engineering and Technology, Guntur, in 2025 (CGPA-7.86)

## PERSONAL SKILLS

---

Communication, Teamwork, Problem Solving and Strong Work Ethic.

## CERTIFICATIONS

---

- Completed Java Full Stack Development training at JSpiders, Hyderabad.
- Completed my internship in SS Technologies on DBMS using SQL and Web Technologies.
- I have written Tcs NQT test and got 68%.
- I have also written NPTEL exam on Python for Data Science and got 56%.
