Professional Summary

Result-driven **Full-Stack Developer** with hands-on experience in building and testing web applications using Python, Django, React, and MySQL. Skilled in frontend technologies like HTML, CSS, and JavaScript with a strong foundation in debugging and version control (Git). Adept at collaborating in agile teams, writing clean and maintainable code, and documenting project progress. Eager to apply academic knowledge and practical skills to real-world software development challenges.

Education

B.Tech - Artificial Intelligence & Machine Learning

St. Mary's Engineering College, Hyderabad | 2020 – 2024

Intermediate (MPC)

Bharathi Junior College, Karimnagar | 2018 – 2020

SSC

Z.P.H.S, Ellanthakunta | 2017 – 2018

Technical Skills

- **Programming Languages:** Python, JavaScript, SQL
- **Frameworks:** Django, REST API's, Authentication Systems, Role-Based Access Control
- **Frontend:** React.js, HTML5, CSS3, Bootstrap
- **Databases:** MySQL, SQLite
- **Tools:** Git, GitHub, VS Code
- **Key Strengths:** Full Stack Development, API Integration, Scalable Architecture, Code Optimization, Debugging, Agile Development, MVC Architecture

Soft Skills

Problem-Solving | Adaptability | Team Collaboration | Continuous Learning | Communication

Projects

SkoolMitra – Student Management System SaaS [*Full-Stack Developer*]

- Developed a SaaS-based student management system with admin-focuses dashboards.
- Implemented secure role-based authentication using Django.

- Designed scalable data models for students, batches, and workflows.
- Built responsive dashboards for efficient data management.

Tech Stack: Django, React.js, HTML, CSS, JavaScript, MySQL

College Website – Tech Fest Project (2nd Place) – [Team Lead & Frontend Developer]

- Led a 4-member team to design a dynamic and responsive website for college events and department showcases.
- Built interactive UI components using HTML, CSS, JavaScript, and Bootstrap for modern UX design.
- Managed version control using Git and ensured team coordination throughout the development cycle.
- Project secured **2nd place** in the college tech fest for innovation and functionality.

Tech Stack: HTML, CSS, JavaScript, Bootstrap

Student Course Dashboard – Full Stack Web App [Full Stack Developer]

- Built a complete user dashboard system with secure login, registration, and role-based access.
- Developed a clean UI for course browsing, enrollment, and user interaction.
- Integrated MySQL for structured course management and user data storage.

Tech Stack: Django, HTML, CSS, Bootstrap, MySQL

Certifications

- Python Full-Stack Course – *Kapil IT Skill HUB*
 - Python Full-Stack Internship – *Kapil IT Skill HUB*
 - Responsive Web Design – *FreeCodeCamp*
-

Achievements

- Achieved **2nd place** in a **college tech fest** by leading a team project to develop a **dynamic, responsive website** with attractive UI/UX, showcasing strong leadership and technical execution.
